

**The West Linn High School Theatre Arts Program is proud to present our theatre season for 2019-20, celebrating 100 years as a public high school!**

The West Linn High School Theatre Arts Program would like to invite you to support the performing arts by purchasing space in the programs for four mainstage productions. We have planned an ambitious season; the cost of producing quality high-school theatre presents an ongoing financial challenge. We are still purchasing and implementing new technology in our Auditorium and Black Box theaters, which places an additional demand on the budget. A growing program with increasingly more student involvement also stretches limited resources. As of 2019, we have approximately 80 students who participate within our theatre program.

Our season will open this year with the jazzy and boisterous musical, *Chicago: High School Edition*, directed by Steven Beckingham. *Chicago* runs Nov 8-16. In the Spring, we will present two plays in the PAC Auditorium – *These Shining Lives*, directed by Jon Ares, and *A Number*, directed by Steven Beckingham. And in May, various students will take the helm as directors and techs for *Shorts 21*. As always, we are thrilled at the prospect of having our students share their work and talents with the West Linn community. Please consider placing an advertisement in our high-quality programs. Not only will you be supporting arts education for a large number of students, you will also be providing your business with valuable and positive visibility in the community.

If you take advantage of this excellent opportunity, your advertisement will appear in **all four programs this season**. In addition, you will receive two complimentary tickets to each production, and the name of your business will always appear on the list of donors to the Theatre Arts Program.
