

West Linn High School
Theatre Arts Presents

CLASSICAL MENAGERIE 6

May 28, 2026

A NOTE FROM THE TEACHER

Despite what people might think or assume, theatre is challenging, and sometimes grueling. When you add the study and performance of classical theatre - in our case, Greek Tragedy, Commedia del'Arte, Chekov, and Shakespeare - the layers multiply. The pay-off is, with challenge comes enlightenment and empowerment. These concepts are healthy for any young person, not just the ones studying theatre. Perhaps you will learn something new tonight :)

I'm very proud of the effort these students have put into this class...especially this type of class being at 8:30 in the morning!

Steven Beckingham
